Everyone with a healthy and beautiful smile

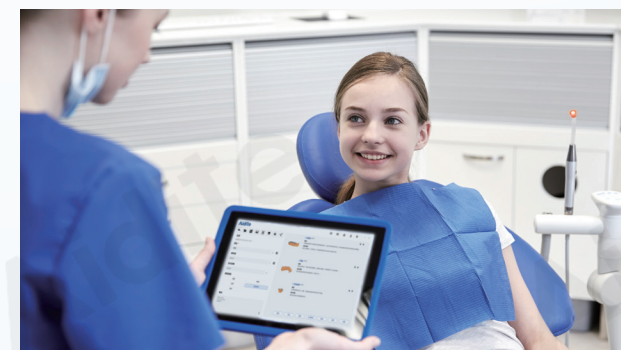

Aidite Rapid 5

Precision engineered.
Effortlessly lightweight.

10 μ m

Capture the smallest oral details with confidence. With **10 μ m precision**, Rapid 5 reproduces ultra-fine tissue structures, supporting highly accurate diagnoses and dependable treatment planning.

25 mm

A **25 mm depth of field** enables comprehensive capture of oral structures in a single scan, reducing the need for repeated passes and minimizing chair time.

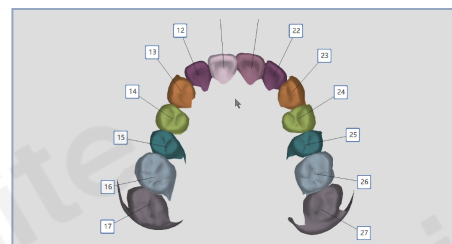

Less than 6 ounces

Weighing **less than 6 ounces**, Rapid 5 is designed for superior handling and reduced hand fatigue. Its balanced, ergonomic form adapts naturally to different scanning angles and individual clinician preferences.

Oral Scanning Workstation

Streamline Your Scanning . Engage Patients with Confidence

12 Hours

Engineered for uninterrupted performance, the workstation delivers over **12 hours of continuous operation** on a single charge, ensuring dependable scanning throughout even the busiest clinical days.

4 K

Featuring a high-**resolution 4K HD touchscreen**, the workstation provides exceptional image clarity for precise oral scan visualization, review, and patient communication.

All-in-One

An integrated, **all-in-one system** arrives fully assembled and ready to use. With no setup required, clinicians can begin scanning immediately—saving time and simplifying installation.

Detailed specifications & Accessories

Rapid 5

Dimensions	246 mm × 40 mm × 34 mm	
Weight	162 g	
Depth of Field	25 mm	
Speed	Single Arch: 25s Full Arch: 60s	
Accuracy	Single Crown: ≤10 μm Full Arch: ≤20 μm	
Buttons	Dual-Side Buttons	
Connection Mode	Wired	
Scan tips	3 × Standard tip: 18mm × 16 mm Autoclavable up to 100 Cycles 1 × Mini tip: 15mm × 13mm
